Hobbies

About us

I'm a person with positive attitude, self-confidence, Quick learner, who work whole hearly in each & every activity taken up and there by achieves excellence. I consider Myself to be a work oriented person having assets of intelletual knowledge, sociability and a flavor to do work in any atmosphere

Project: 3D RPG Game

Developed an action shooting game using the unity 3d engine. Players can shoot the AI bot in the 3D world. It's a mobile game. I have designed the player character and controls for this game.

Project: Websites

Developed a static web page for a non-profit organization and school (https://aaharamadhyapana.org & http://www.ambaricbse.edu.in/)
